Out of the 22,000 shares of stock issued, 16,551 were represented, either in person or by prany. Vice President George Q. Cannon presided, and referred to the death of the president, Hon. Ellas Morris.

General Manager Cutler being absent in the east, the financial reports for the year were read by Senteary and Treasurer H. G. Whitney. They made a highly satisfactory showing, the manager stating that the acreage of beels contracted for the coming season and now being planted, was larger than ever before. His report also said that the stock of the company was well worth par, in his judgment.

It was decided that all stockholders who had fractional amounts of stock standing to their credit should be paid off in cash at par, those who desired to have the privilege of paying the difference and making up full shares.

The following board of directors was chosen to serve for the ensuing year: George Q. Cannon, Heber J. Grant, James Jack, John R. Winder, William B. Preston, Barlow Ferguson, Francis Armstrom, George M. Cannon, L. G. Hardy, Thomas R. Cutler, David Eccles, Joseph F. Smith, George H. Taylor,

The board is the same as before, except that Joseph F. Smith takes the place of Ellas Morris, deceased, and that George H. Taylor was chosen in place of John Beck, who had parted with his stock in the company.

The president, vice president and secretary and treasurer will be chosen by the board at its next meeting.

KRAG-JORGENNEEN RIFLE:

The ordence bureau has on hand a large stock of the Krag-Jorgensen rille now used by the army, but the officials decline to say whether it is sufficient to arm the militia. The arms used by the latter are in many respects very inferior, and in many instances said to be such as to have been disearded by every nation under the sun. If hostilities come, therefore, and the militia is called into service, there will be a big demand on the ordenance department for the supply of arms now in use by the regular army.
